## EDUCATION

---

**University of Alberta** – Edmonton, Alberta 2019 – 2025  
*Bachelor of Science in Computer Science – Honors with Distinction*

**Jasper Place High School** – Edmonton, Alberta 2014 – 2017  
*High School Diploma with Honors*

## PROJECTS

---

**Event Planning App** | Java  
*Android Application* January 2024

- Developed a custom event planning Android app using object-oriented design and Android Studio
- Implemented a permissions toggle for location-based event features, implemented the ability to search for events using keywords, and designed the homescreen UI with swipe-tab layout for event organization
- Used UML, Figma, Git, and GitHub to streamline planning, execution and collaboration with teammates

**Personal Website** | HTML, Css, Figma  
*Webpage* Ongoing

- Unique personal website that acts as my portfolio

**Book Diary App** | Swift, Firebase Firestore  
*iOS Application* Ongoing

- An iOS app with an intuitive UI to log books I have read in a virtual diary

## EXPERIENCE

---
